1. What You Can Do with Oakit

Oakit is your AI-powered teaching platform. Everything you need in one app:

View Daily Plans

AI-generated lesson plans for each day based on your curriculum

Ask Oakie (AI Chat)

Get teaching tips, activity ideas, and classroom management help

Mark Attendance

One-tap daily attendance. Parents notified automatically

Send Homework & Notes

Format and send homework, class notes to all parents

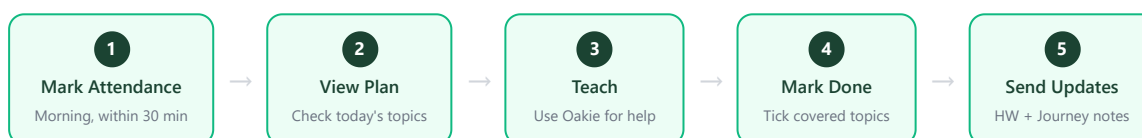

Child Journey

Personalized daily notes per student sent to parents

Class Performance

Visual dashboard with stats, insights, and school comparison

Your Daily Workflow

Navigation Structure

Plan Tab

- Today's lesson plan with topic checkboxes
- Mark topics as covered, then "Mark as Done"
- Raw Plan (full AI text) | Week Plan (PDF download)
- Session Recorder | Pending Work from missed days

Oakie Tab (Chat)

- Ask any curriculum or teaching question
- Get activity ideas, games, songs, rhymes
- Classroom management tips
- Mic button for voice input (speak instead of type)

Help Tab (Quick Links)

- **Attendance** - Mark daily attendance
- **Homework & Notes** - Send homework, class notes, file attachments
- **Child Journey** - Daily highlights per student
- **Report Cards** - Generate term progress reports
- **Calendar** - Holidays and special days
- **Class Performance** - Stats and insights dashboard
- **Students** - Profiles and milestones
- **Class Feed** - Post photos for parents
- **My HR** - Salary, leave, documents

2. Getting Started

Login Steps

- 1 **Open Chrome (Android) or Safari (iPhone)**
- 2 **Go to: oakit.silveroakjuniors.in**
Type this in the address bar
- 3 **Enter School Code: soj**
- 4 **Enter your Mobile Number**
10-digit number registered with school
- 5 **Enter Password**
Default = your mobile number. Change in Settings.
- 6 **Tap Login**

Save to Home Screen (works like an app!)

- **Android:** Tap 3-dot menu (top-right) > "Add to Home screen" > "Add"
- **iPhone:** Tap Share button (bottom) > "Add to Home Screen" > "Add"

After saving to home screen, you can open Oakit directly from your phone like any other app.

3. Daily Plan & Completion

Every day, Oakie prepares a lesson plan based on your curriculum. The Plan tab shows what to teach today.

What You See

- Today's date, day name, and planned topics
- Activity suggestions for each topic
- Checkboxes to mark topics as covered
- Pending work from previous days (if any)

How to Complete

Additional Plan Features

- **Raw Plan:** View the full AI-generated plan text with all details
- **Week Plan:** See the entire week at a glance, download as PDF
- **Session Recorder:** Log what was actually covered during class

You can only mark today or past days (up to 7 days back). Future dates are blocked.

If you miss a day, it shows as "Pending Work" the next day. You can complete it within 7 days.

4. Oakie AI Chat & Voice Input

Your AI teaching assistant. Ask anything about curriculum, classroom management, or teaching strategies.

Curriculum Help

Explain topics, suggest activities, provide resources

Classroom Management

Handle crying, misbehavior, shy students, energy levels

Activity Ideas

Games, songs, rhymes, art projects for any subject

Format & Beautify

Format homework and notes for parents

Example Questions

- "What activities can I do for counting today?"
- "How to handle a child who won't stop crying?"
- "Give me a rhyme for the letter B"
- "What should I do if a child finishes early?"

Using the Mic Button (Voice Input)

Instead of typing, tap the microphone icon to speak your question or note. This works in:

- **Oakie Chat** - Ask questions by speaking naturally
- **Homework** - Dictate homework text instead of typing
- **Child Journey** - Speak your observation notes
- **Class Notes** - Dictate subject notes quickly

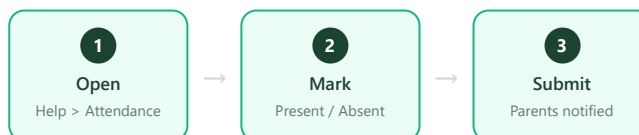

How: Tap mic → Speak clearly → Text appears automatically → Edit if needed → Send

Best for: Long messages, quick notes between classes, when hands are busy

Limit: 5 questions before marking completion. Complete the day to unlock more.

5. Attendance

Process

Rules

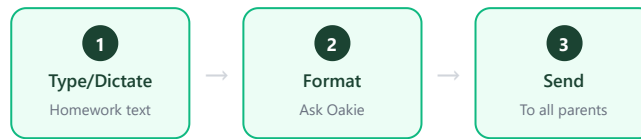

- Mark within 30 minutes of school start time
- Once marked Present, cannot be changed to Absent
- Late arrivals: mark absent first, update when they arrive
- Cannot mark on weekends or holidays
- Principal sees what time you marked

Mark attendance early to show consistency. The principal can see your timing.

6. Homework & Notes

Sending Homework

3 Tabs Available

- **Homework:** Type or use mic to dictate, format with Oakie, send to parents
- **Tracking:** Mark each student as Done / Partial / Not Submitted
- **Class Notes:** Subject-specific notes with file attachments. Auto-delete after 14 days.

Homework Details

- Homework is sent to ALL parents in your section
- You can update and resend if needed
- Cannot send on weekends or holidays
- Use "Ask Oakie to format" for a parent-friendly version

Class Notes Details

- Select a subject and date
- Type your note or attach a file (PDF, worksheet)
- Notes are sent to all parents and auto-delete after 14 days

Voice Typing for Homework

Tap the mic button to dictate homework instead of typing. Speak naturally - the text appears in the box. Edit if needed, then ask Oakie to format it nicely before sending.

Use the mic button to dictate notes quickly instead of typing. Great for end-of-day updates.

7. Child Journey

Send personalized daily updates about each child to their parents. This is one of the most valued features by parents.

Individual Student Notes

- 1 Go to Help > Child Journey**
Opens the journey entry screen
- 2 Select a student from the list**
Or write for the currently selected student
- 3 Write or dictate your note**
Use mic button for voice input
- 4 Tap "Ask Oakie" to beautify**
AI formats your note in a warm, parent-friendly tone
- 5 Choose entry type**
Daily / Weekly / Highlight
- 6 Save Only or Save & Send**
Save Only = history only, Save & Send = notifies parents immediately

Generic Class Note

Write one note that applies to the whole class (e.g., "Had a fun art day!"):

- The note gets saved for every student individually
- Use "Save & Send All" to notify all parents at once
- Great for class-wide activities, celebrations, or general updates

History Tab

View Past Entries

All entries grouped by date. Filter by student or date range.

Edit or Delete

Modify entries before sending. Delete if entered by mistake.

Send Unsent

Send previously saved (but unsent) entries to parents individually or all at once.

Entry Types

Daily (routine), Weekly (summary), Highlight (special achievement)

Report Readiness (Observations)

Under the Report Readiness tab, add structured observations for report cards:

- Categories: Cognitive, Language, Social, Emotional, Motor Skills, Creativity, Participation, Peer, Behavior
- System alerts you if students are missing observations
- These observations feed into term-end report card generation

Parents love receiving daily updates. Even a short "Had a great day!" makes a difference. Aim for at least one note per student per week.

8. Report Cards, Observations & Calendar

Report Cards

- 1 **Go to Help > Report Cards**
- 2 **Select student and date range**
- 3 **System generates progress report**
Based on your observations from Child Journey
- 4 **Share with parents**
Download or send directly

Observation Categories

Cognitive & Language

Problem-solving, memory, vocabulary, communication skills

Social & Emotional

Sharing, empathy, self-regulation, confidence

Motor & Creativity

Fine/gross motor, art, imagination, craft skills

Participation & Behavior

Class engagement, following rules, peer interaction

Add observations regularly throughout the term. Last-minute entries reduce report quality.

Calendar

View your school's academic calendar with holidays and special days.

Color Codes

- **Green** = Plan completed
- **Amber** = Missed / not completed
- **Red** = Holiday (school closed)
- **Blue** = Special day (event/celebration)

Features

- Tap any day to see details (holiday name, plan status, topics covered)
- Upcoming events listed below the calendar
- Plan ahead for settling periods and special activities

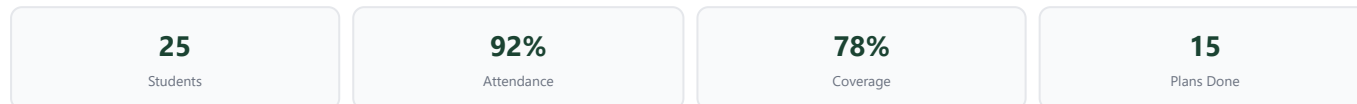

Check the calendar at the start of each week to plan around holidays and special days.

9. Class Performance Dashboard

A visual dashboard showing how your class is performing. Access via the chart icon in the header or Help > Class Performance.

Key Stats at a Glance

What the Dashboard Shows

- **Student Count:** Total students in your section
- **Attendance %:** Average attendance rate this month
- **Curriculum Coverage %:** How much of the syllabus is completed
- **Plans Completed:** Number of days marked as done

Detailed Insights

Daily Timing Graph

Shows when you mark attendance and complete plans each day. Helps track consistency.

Parent Engagement

Active parents, inactive parents, and those who never logged in. Follow up with inactive ones.

School Comparison

Your class stats vs other sections in the school. See where you stand.

Comments Sent

Total journey notes and homework sent to parents in the last 30 days.

Alerts & Flags

- **Low Attendance Students:** Students below 70% attendance - follow up with parents
- **Missing Journal Entries:** Students without a journey note in 14+ days
- **Upcoming Birthdays:** Plan celebrations and parent communication
- **Streak:** Your consecutive days of completing plans (visible in header)

The principal reviews this dashboard regularly. Consistent attendance marking and plan completion improve your stats.

10. Students, Feed & HR

Students & Milestones

View profiles, parent contacts, and track developmental milestones (Physical, Cognitive, Language, Social, Self-help)

Class Feed

Post photos from activities, art work, celebrations. Parents see these in their daily feed.

My HR

View salary slips, apply for leave, access offer letters and HR documents.

Settings

Change password, update profile, notification preferences.

11. Important Rules

Do's

- Mark attendance every day before 10:00 AM
- Complete the day's plan before leaving school
- Send at least one child journey note per week per student
- Use Oakie for teaching help - it knows your curriculum
- Change your password from the default
- Check the calendar for upcoming holidays
- Use the mic button for quick dictation
- Add observations regularly for report cards

Don'ts

- No homework on weekends or holidays
- Never share your login credentials
- No future date attendance marking
- No negative language in child journey notes
- Never skip marking plan completion
- Do not ignore low-attendance alerts
- Do not leave observations to the last week of term

Your principal can see your attendance timing, plan completion rate, teaching streak, and parent engagement stats. Consistency is tracked and visible.

Quick Reference: Where to Find Things

Daily Plan: Plan tab (bottom nav)

Attendance: Help > Attendance

Child Journey: Help > Child Journey

Calendar: Header icon or Help > Calendar

Students: Help > Students

My HR: Help > My HR

Ask Oakie: Oakie tab (bottom nav)

Homework: Help > Homework & Notes

Report Cards: Help > Report Cards

Performance: Header chart icon

Class Feed: Help > Class Feed

Streak: Header flame icon

Thank you for being part of the Oakit.ai journey!

Helping create meaningful learning experiences every day.
